Dear Sir:

Enclosed please find a rezoning application for residential development on the south side of Dolly Madison Boulevard, west of the Evermay Subdivision. Our records indicate that a portion of the land originally acquired for the Fairbank Highway Research Station in this area was transferred to the CIA in 1957.

I apologize for the relatively short notice on this matter, but the announcement was originally transmitted to the Commerce Department and wound its way through channels before being received here April 12.

Sincerely yours,

James R. Dann

Remarks:

Jack:

I believe this property is about a half-mile up Dolly Madison toward McLean on the opposite side of the street from us, between the Evermay development and Ballantine Lane.

are checking this through, but if it is that far away, and in view of the type of rezoning sought, it certainly should not concern us. If it does concern us, we will have to get together and arrange for a presence at the rezoning hearing.
